

## ENVIRONMENTAL POLICY

Our Environmental Policy is to be a responsible corporate citizen in protecting the environment. We are committed to complying with accepted environmental practices, including the commitment to meet or exceed applicable legal and other requirements, to strive for continual improvement in our environmental management system, and to minimize the creation of wastes and prevention of pollution. We will, therefore, manage our processes, our materials and our people in order to reduce the environmental impacts associated with our work.

NEWBELLE SALES LTD pledges to implement and operate the ISO 14001 Environmental Management System to further enhance environmental performance. Our main objectives are to:

- *Investigate the reduction of hazardous and toxic elements*
- *Reduce, reuse and recycle waste*
- *Improve the efficiency of energy usage*

This policy will be communicated to all parties interested in the performance of our environmental management system. We recognize that it is everyone's responsibility in Newbelle. The company establishes a environmental friendly culture by training and encouraging open communication on environmental discussion. The success of this quality system is dependent on the full participation of all personnel in Newbelle.

To ensure this policy is understood and implemented in Newbelle, every one in the company is required to understand and work to the requirements of this Environmental Management System.

Albert Chan  
Managing Director
